Huntington Hospital

Environment of Care

To maintain a safe environment for our patients, visitors, hospital staff, and medical staff we would like each member of the Medical Staff to be oriented to their basic responsibilities in various situations that might occur in the hospital.

Please review the policies to become familiar with your responsibility as a member of the Medical Staff: *(To view these policies please login to Citrix or click on the link below)*

POLICY NAME	POLICY #	DESCRIPTION
Emergency Operations Plan	#900	Define a program that allows the hospital personnel to respond effectively to events that pose an immediate danger to the health and safety of patients, staff, and visitors.
Medical Staff Disaster Plan	8710.370	The plan is to support the hospital's capability to provide usual care to its patients in the event of a major disaster.
Infection Control Manual	#734	Describe the components of the Infection Control Program.
Hazardous Substance Spill	#582	Describe the method to remove or remediate hazardous material releases in a manner that is safe for employees, patients, and visitors
Medical Waste Handling	#765	To protect all persons from contact with items classified as medical waste and to comply with applicable governmental regulations.
General Safety	#531	To allow employees and Medical Staff to comply and be aware of safety procedures designed to ensure a safe and healthful environment for patients, visitors, and staff.
Fire Safety Response Plan	#512	To provide knowledge of what steps to take in the event of a fire.
Medical Device Reporting Program	#117	To identify medical device related incidents as soon as possible after their occurrence in order to initiate corrective action, prevent or minimize the occurrence of similar incidents, and comply with reporting requirements of the Federal Food, Drug, and Cosmetic Act and FDA regulations.
Blood/Body Fluid Exposure	#769	To provide immediate care for any employee, volunteer or physician, including interns and residents, who sustain a work related blood or body fluid exposure.
Management of Workplace Exposures (Excluding Blood Borne Pathogens)	#767	Describe the management of employees, physicians, students, and volunteers providing services within Huntington Hospital who may have been exposed to communicable diseases or environmental.

NOTE: All hospital policies and procedures (administrative, clinical and departmental) can be viewed on the Huntington Hospital Sharepoint page, which is available via logging in through Citrix (hhi/SitePages/Home.aspx).
