ABOUT THIS NOTICE

We understand the importance of privacy and are committed to maintaining the confidentiality of your health information. We make a record of the medical care we provide and may receive such records from others. We use these records to provide or enable other health care providers to provide quality medical care, to obtain payment for services provided to you as allowed by your health plan and to enable us to meet our professional and legal obligations to operate Huntington Health Physicians (HHP) properly. We are required by law to: 1) make sure that medical information that identifies you is kept private (with certain exceptions); 2) give you this notice of our legal duties and privacy practices with respect to medical information about you; 3) notify you of any breach of your unsecured medical information; and 4) follow the terms of the version of this Notice of Privacy Practices that is currently in effect.

HOW HHP MAY USE OR DISCLOSE YOUR HEALTH INFORMATION

HHP collects health information about you and stores it in a chart and/or on a computer. The medical record is the property of HHP, but the information in the medical record belongs to you. The law permits us to use or disclose your health information for the following purposes:

Treatment We use health information about you to provide your medical care. We disclose health information to our employees and others who are involved in providing the care you need. For example, we may share your health information with other physicians or other health care providers who will provide services that we do not provide such as a pharmacist or a laboratory.

Payment We use and disclose medical information about you to obtain payment for the services we provide. For example, we give your health plan the information it requires before it will pay us. We may also disclose information to other health care providers to assist them in obtaining payment for services they have provided to you.

Health Care Operations We use and disclose health information about you to operate HHP. For example, we may use and disclose this information to review and improve the quality of care we provide, or to train our professional staff, medical residents and/or students, or we may use and disclose this information to get your health plan to authorize services or referrals. We may also use and disclose this information as necessary for medical reviews, legal services and audits, including fraud and abuse detection and compliance programs and business planning and management.

Business Associates We may disclose health information to those that we contract with as business associates so that they may perform services for us or on our behalf. For example, we may send biopsy samples with your information to an outside laboratory for analysis. We require that business associates implement appropriate safeguards to protect your medical information.

Appointment reminders We may use and disclose medical information to contact and remind you about appointments. If you are not home, we may leave this information on your answering machine or in a message left with the person answering the phone or we may send you a postcard.

Sign in sheet We may use and disclose medical information about you by having you sign in when you arrive at our office. We may also call out your name when we are ready to see you.

Student immunization records We may disclose immunization records directly to a school that is required by law to obtain proof of that immunization, based on you or your personal representative’s permission.

Research We may use and disclose your medical information for research purposes, but we will only do so if the research has been specially approved by an authorized institutional review board or a privacy board that has reviewed the research proposal and has set up protocols to ensure the privacy of your medical information. Even without that special approval, we may permit researchers to look at medical information to help them prepare for research, for example, to allow them to identify patients who may be included in their research project, as long as they do not remove, or take a copy of, any medical information. We may use and disclose a limited data set that does not contain specific readily identifiable information about you for research. However, we will only disclose the limited data set if we enter into a data use agreement with the recipient who must agree to (1) use the data set only for the purposes for which it was provided, (2) ensure the confidentiality and security of the data, and (3) not identify the information or use it to contact any individual.

When we report suspected elder or dependent adult abuse or domestic violence, we will inform you or your personal representative promptly unless in our best professional judgment, we believe the notification would place you at risk of serious harm or would require informing a personal representative we believe is responsible for the abuse or harm.

Health oversight activities We may, and are sometimes required by law to disclose your health information to health oversight agencies during the course of audits, investigations, inspections, licensure and other proceedings, subject to the limitations imposed by federal and California law.

YOUR RIGHTS REGARDING YOUR PROTECTED HEALTH INFORMATION

You have the following rights, subject to certain limitations, regarding your health information:

• Right to Inspect and Copy You have the right to inspect and copy your health information that may be used to make decisions about your care or payment for your care. We have up to 30 days to make your health information available to you and we may charge you a reasonable fee for the costs of copying, mailing or other supplies associated with your request. We may not charge you a fee if you need the information for a claim for benefits under the Social Security Act or any other state or federal needs-based benefit program. We may deny your request in certain limited circumstances. If we do deny your request, you have the right to have the denial reviewed by a licensed healthcare professional who was not directly involved in the denial of your request, and we will comply with the outcome of the review.

• Right to a Summary or Explanation We can also provide you with a summary of your health information, rather than the entire record, or we can provide you with an explanation of the health information which has been provided to you, so long as you agrees to this alternative form and pay the associated fees.

• Right to an Electronic Copy of Electronic Medical Records If your health information is maintained in an electronic format (known as an electronic medical record or an electronic health record); you have the right to request that an electronic copy of your record be given to you or transmitted to another individual or entity. We will make every effort to provide access to your health information in the form or format you request, if it is readily producible in such form or format. If the health information is not readily producible in the form or format you request your record will be provided in either our standard electronic
format or if you do not want this form or format, a readable hard copy form. We may charge you a reasonable, cost-based fee for the labor associated with transmitting the electronic medical record.

- **Right to Get Notice of a Breach** You have the right to be notified upon a breach of any of your unsecured health information.
- **Right to Request Amendments** If you feel that the health information we have is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept by or for us. A request for amendment must be made in writing and it must tell us the reason for your request. In certain cases, we may deny your request for an amendment. If we deny your request for an amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal.
- **Right to an Accounting of Disclosures** You have the right to ask for an “accounting of disclosures,” which is a list of the disclosures we made of your health information. This right applies to disclosures for purposes other than treatment, payment or healthcare operations as described in this Notice. It excludes disclosures we may have made to you, to family members or friends involved in your care, or for notification purposes. The right to receive this information is subject to certain exceptions, restrictions and limitations. Additionally, limitations are different for electronic health records.
- **Right to Request Restrictions** You have the right to request a restriction or limitation on the health information we use or disclose for treatment, payment, or health care operations. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for your care, like a family member or friend. To request a restriction on who may have access to your health information, you must submit a written request to the Office Manager or to our Patient Services Representative. Your request must state the specific restriction requested and to whom you want the restriction to apply. We are not required to agree to your request, unless you are asking us to restrict the use and disclosure of your health information to a health plan for payment or health care operation purposes and such information you wish to restrict pertains solely to a health care item or service for which you have paid us “out-of-pocket” in full. If we do agree to the requested restriction, we may not use or disclose your health information in violation of that restriction unless it is needed to provide emergency treatment.
- **Out-of-Pocket-Payments** If you paid out-of-pocket in full (or in other words, you have requested that we not bill your health plan) for a specific item or service, you have the right to ask that your health information with respect to that item or service not be disclosed to a health plan for purposes of payment or health care operations, and we will honor that request.
- **Right to a Paper Copy of This Notice** You have the right to a paper copy of this Notice, even if you have agreed to receive this Notice electronically. You may request a copy of this Notice at any time.
