

Huntington Hospital General Surgery FAQs

When does the General Surgery academic year begin?

Our program start date is June 24th, orientation will take place one week prior to that date.

Are there minimum score requirements for Step I or Step II?

You must submit a "Pass" score for both Step I and Step II.

Can I apply if I fail more than once on Step I or Step II?

You can apply, but since our program is small and the competition is great, we would view your application after considering applicants who passed on their first attempt.

Does Step II need to be completed before I apply to the program?

Step II only needs to be completed if your medical school requires you to pass in order to graduate. However, it is an advantage to have your Step II score included on your application.

How many letters of recommendation do I need?

You will need a minimum of three letters of recommendation.

How many spots do you have available for the PGY 1 Intern Class?

We have four categorical positions.

Are there any requirements regarding the number of years between applying and graduation from medical school?

We prefer that you have graduated within the past two years.

When is your deadline for accepting applications?

Our deadline for accepting applications is December 1st.
